

K-Love offers a wonderful choice when turning on the radio. As a family with 2 kids, it is hard to find a station that isn't offensive or inappropriate for the family. K-Love is not only appropriate but uplifting music. If the station were not longer aired then I feel that one more positive thing in today's world would be denied to our kids. Isn't there already too much negative influence out there? K-love is positive so keep K-Love on the air!!!
